Message From The Senior Class

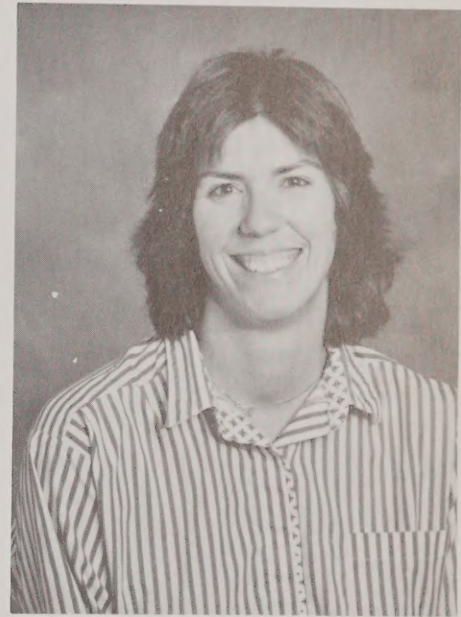

As we, the Class of 1990, come to the end of our high school years, we would like to take time to acknowledge individuals who have encouraged, guided, and prepared us for what we are today. Exactly who it was, we cannot say because so many have worked together, molding in us "Lasting Impressions" by increasing our knowledge, deepening our perception, and broadening our horizons. The Class of 1990 wishes to express our appreciation to our teachers, parents, and friends, for without their constant concern and support, we would not have achieved and accomplished all that we have.

We wish to thank Mrs. Kathleen Meyerdirks for all she has done for us. She took our class in seventh grade and remained our advisor throughout all six years. She helped us build a strong foundation on which to reach our many goals. She became a valued friend. She unselfishly devoted her time and energy for our benefit. Thank you.

We would also like to express our sincere thanks to Mr. John Hickman. Mr. Hickman has also been a treasured friend and has offered guidance and support. We will always remember and appreciate the time and effort he has spent for the benefit of the class.

We also wish to give special thanks to Mrs. Deborah Leach. Although this year was the first year Mrs. Leach was actively involved with our class, she willingly accepted responsibility. From staying after, to helping with fundraisers, she was always there. Thank you for your help and support.

The time, effort, and care these three people have given to our class has helped in making our six years at Shepherd Hill the best that they could be!

"This is the time to remember
Cause it will not last forever
These are the days
To hold on to
Cause we won't
Although we'll want to
This is the time
But time is gonna change
You've given me the best of you . . ."

Billy Joel

- D.A. — One of my most memorable moments was finding out that I passed chemistry.
- S.A. — The prom '89. Going to Stiles Lake for the night with MB, DL, DT, LE, and Dave Nelson. Waking up the next morning with cops at the door, and Dave trying to run out the door. If only you could have seen his face.
- Chris A. — Taking care of Guido at Moe's, UMASS, Burls.
- C.A. — 1/28/89 with PR, AS, & KM in the dart, 11/19/89, 8/11/89 with C.M., Aruba '88 & '89 with Paula, Hampton '89 with AS, PR, & JY.
- L.A. — My slumber party with Nettie, Sa, and I., Cry's laughing at that guy!, Honk, Honk, "Hi Lou!", Summers with Sue and shell, meeting Mikie G., making my confirmation, "Lynnsie, these guys could be the ones of our dreams!", Cry's balloons.
- Scott A. — Doing U-turns on route 20, making it to the state championship with the golf team, beating Southbridge, going out with April.
- P.B. — Traveling through Europe with Beckie, Missy, Erica and Lisa, Double-dating with Rochelle, Beckie and my sweet sixteen surprises.
- R.B. — Swinging on the swings with BK in the middle of the night., Escapading around Europe with Patty, Terry, Sandy, and Cherie., Running in the rain at 1:00 in the morning while throwing food at the people on the balcony below us.
- Richard B. — Stealing Allen's grandmother's car.
- D.B. — Blasting Hendrix out the Bluesmobile on our way to Worcester last summer. Getting lost in Burrillville, R.I. and of course the golf trips. Also playing chem-ball and trough-it in Mrs. Fuller's 6th period class. Jamming with Kynkade was also pretty unforgettable.
- R. Blackmere — prom night with Kibbs, my night of boredom, Florida with Amy.
- K.B. — When Jodie got blamed for me talking B. about P.
- G.B. — Becoming a star soccer player in my country., Leaving Costa Rica and coming to the US.
- M.C. — Getting lost in Geneva, Switzerland with Kelly.
- A.C. — My most memorable moment was my Senior Class President campaign speech at the end of my Junior year. With a garbage bucket full of neon signs and a 15-ft. "Senior" poster, I came down from the back of the school auditorium and delivered an off-the-wall speech to my classmates. The reception was fantastic, even my opponents congratulated me. I was walking on air that day, I became the first president to be an officer for 6 years. Thanks Class of 1990!
- J.C. — When a very special person in my life said, "I love you.", the party I had on the day before our sophomore class trip.
- C.C. — my 17th b-day party at the Peck's, Spain '89 with Heidi & Donna + K.P. guys, Killingly comp in 8th grade, cruising whenever and wherever in the Nova, the day my car keys went for a swim.
- T.C. — At Quinlan's I had to help Heidi get Donna out of Bondo's car. She hit the car four times then hit me once. She jumped inside and ripped his mirror off and laughed the whole way home.
- E.C. — Through my years of high school I have experienced a lot of good times and bad times. I owe everything to the people who helped me out and brought me to whom I am now. These people are all of my friends throughout my six years at Shepherd Hill. Thank you everyone!
- Amy C. — It was unforgettable to host the students from the Dudley School's Symphony Orchestra in England. I'm sure many share my feelings. So many new friends were acquired and we were given the opportunity to experience a foreign culture. It was a learning experience for everyone that I will never forget.
- S.C. — September three AM ride in a storm with EG, riding over downed trees in a blue chevettte to bring TW home.
- M.C. — "We can't remember!"
- K.C. — The day the band room caught on fire. I was going to ask someone out on a date that morning and the fact that there was so much damage. The band has been stronger since that day, I think. The day my class ('89) graduated without me. It was sad watching all of my friends (the kids that I grew up with) leave school knowing all the while that I wasn't among them and I was staying. It's too bad I screwed off earlier, because you don't realize just how much you're fooling yourself until it happens.
- C.D. — Taking a scalding shower at Sarah's house with my clothes on and everyone watching and wondering what's going on.
- S.D. — When Cindy and I took off on Lynette and Jenna at the gas station and they got in the wrong car (and they were sober).
- M.D. — "We can't remember!"
- L.D. — Earl and I slept in the Astro in 30 degree weather. We got kicked out of Kerry's house. It was the worst.
- R.D. — My camaro, Tommy's asprin, the gang, Ben's, the Lake, Rocky, the camp, W.F.M., my bird, summer '87, New years at Tommy's, the foundation, Timmy's, the closet, Bobby's, 101.
- J.D. — Going to Park N' Shop on Feb. vacation '89 with DP, DN, and JB, prom '89 with limo driver Darren, missing the 89 Golf Districts cut by one stroke.
- Jamie D. — 6th period chemistry class in 88-89, golf trips.
- Scott D. — Mrs. Fuller's 6th period chemistry class in the 11th grade was the ultimate. We played troughball and the power of the spoon.
- D.D. — When I went to the trip to Florida and was highly overactive in Disney World.
- J.F. — Riverside with TD, JD, JS in the pouring rain, Cape Cod '86 and '87 with NK, prom night with T.A.D.
- D.F. — I went to a wrestling match with Heidi, JB, and DN. Both guys started a fight with someone's parents, so we left. We weren't more than 100 ft. from the school when DN asked for the flower bucket to use. DN was out the rest of the night, all you could see was the top of his blond hair, and an occasional moan. So Heidi drove us around every single back road of Charlton and JB tried to help him. But there was no use. This was the famous night we babysat Nelson in the NOVA.
- L.G. — Jen Yurick's a — for a Buck on Earl's street corner. Kris' frozen contact. Earl, Larry, and Trey toilet-papering my yard.

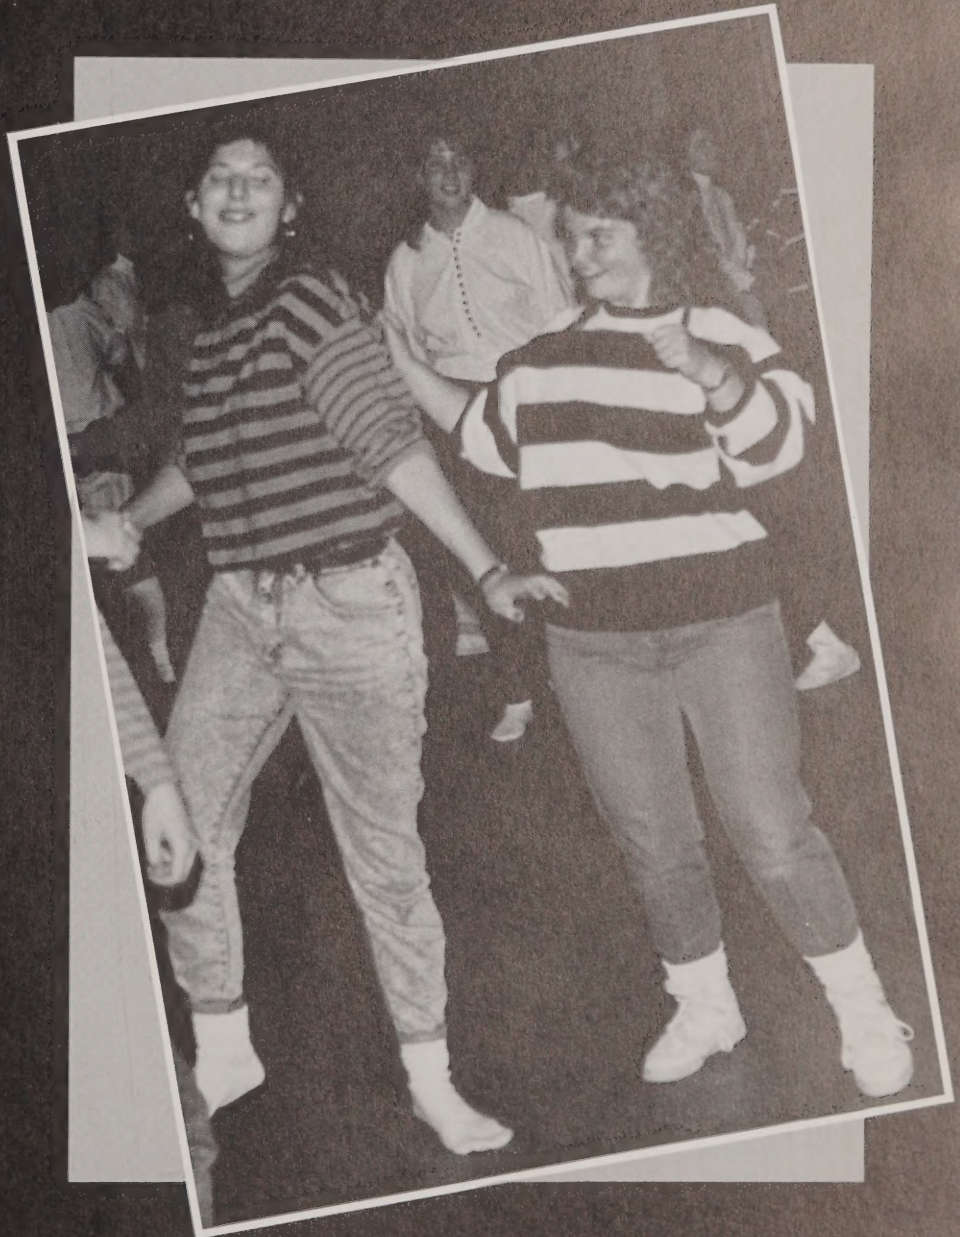

- Minarik's house with Derek, Steve, and Joe. Florida '88 with Minarik. The Metro '88 where it all began!
- Lisa G. — My most memorable moment was the evening of the athletic awards accepting the Border Conference All-Star plaque. I've been striving to make Border Conference All-Star since I was in 7th grade on JV. When I received this award all that I have been working for finally paid off. And this meant that I was good enough to play and make that team.
- H.G. — The night Donna got my car and Bondo's car mixed up. Babysitting Nelson with a flower bucket. When Jeanie works weekends. Anytime in the Nova.
- Tia G. — 6/27/88.

- S.G. — Van Halen concert 1989.
- N. Gemme-V-Dance '88, 3/23/88, Jamestown with Sheryl '89, 6/19/89-6/20/89, M.A.S.C. '88, Lisa's sleepovers, decorating the tree with Myn and friends.
- E.G. — The second part of prom '89 when Amy and I S.T. When Trey and I went out on 4th of July and had the time of our life stealing fireworks and plenty of other things. "We can't remember!"

Getting a card for my birthday from the kid I had a crush on in the 7th grade that read (with a skunk on the front) "Hey Stinky" "I smell a birthday coming on!" Thanks Jim. Jen Yurick's yelling on a street corner by Earl's house, "A — for a Buck! Come and get it!" The night we snuck out of the dance in the middle of winter and walked down there. My sleepover on Friday the 13th with our toilet papering adventure and run in with the Charlton police.
- Jen L. — My most memorable moment this year was finally getting my license and getting series end champion at one of my horse shows.
- Jenna L. — During my junior year I looked at my peers and asked myself—am I "normal"? Am I popular enough? And a slew of other questions an average insecure teenager would ask him/herself. At first I was almost horrified to realize I was not in with the "prep" crowd. But when I saw who my real friends were I was even more shocked. I had not realized before that true friendship is based on acceptance and truth itself, not the correct clothes or hair. Without even realizing it I had chosen to be close to real people, whose main goals were not to impress each other, but just to be happy. Fortunately for me, they in turn chose to accept me. I don't know what my future is or if they'll be as prominent a part of it, but hey guys-I'll never forget you-Thanks!!! Love Jenna.

- L.M. — The time Jenna and I happened to get into the wrong car at a gas station as Sarah and Cindy sat at the store next door in hysterics. In October 1988 when Cindy, Christine, Sarah and I hopped to my neighbors house in large garbage buckets and Cindy got so excited she wet herself on my sidewalk. What a day that was.
- M.M. — On August 12, 1988, getting to the Kahula 2 hours late and trying to explain why and then surprising Marc, with a birthday cake there.
- Kris M. — Toilet papering Charlton Center at 2 in the morning after Myndi's party. Toilet papering Bob's car in the Bartlett parking lot after a game with red and yellow paper and SH signs. Matt Dean's party-remember April? Jen's a — for a Buck. Hell town with Lori, Larry, and Dickie. Florida '88 with Lori and sunbathing by the alligators. Minarik and I trying to go to the bathroom in the woods at the Southbridge game and walking in on 2 guys. Jim's first words to me, "I just took a shower and I have no underwear on." (after a football game).
- K.P. — This past summer, my friend Sue and I drove up to Bethel, NY. to see the Woodstock memorial site on its 20th anniversary. When we arrived, ten thousand people were already there and more kept coming. It was amazing that so many people could be in the same place without riots or chaos breaking out. Everyone believed in peace and love and I felt so comfortable with all these people, even though they were all strangers. We made a lot of friends in the two days we were there, and it was very hard to say good-bye. I think this experience gave me a better outlook on a lot of things and I know I'll never forget how much my "friends" mean to me.

- Joe S. — "We can't remember!"
- T.V. — Taking gym class and improving on my physical fitness. Being part of AV.
- K.V. — The New England Medal Final. It marked the beginning of a new stage in my life and I'm finally at a place I want to be at with people I want to be with. No more change.
- T.W. — "We can't remember!"
- D.W. — My vacation to Hawaii. Class study with No. 9.
- J.Y. — 5/29/89 with Amy, Paula and Cathy. Summer '89 with my friends. 7/7/89.
- K.W. — The bus ride home from the freshmen class trip-thanks Earl. The Florida trip with chorus and the week I spent with someone special. Decorating Charlton Center with N + M + K + H + L + L + everyone else. Jim's accident. T. Papering.
- H.Z. — The most memorable night was the opening night of the play "The Apple Tree." However, my expectations for this night were unfortunately disrupted. That Friday night premiere was my very first date with Jon Dugan, that date began our lasting relationship. That night was also the night April Guillet's mother and younger brother, Joanne and Jacob, respectively, were killed in a fatal car accident. This particular night is one I will never forget, no matter what occurs in my future. This time draws tears to my eyes every time I reminisce. Although deaths are no meant to rise bright circumstances, there is one positive outcome from that accident April, our friendship. I love you Ape and Jon forever.
- K.Z. — Week of July 3, 1989. Junior Olympics '87.

The College Process Begins.

It all begins with the PSAT's. A preliminary SAT. If you're one who checks off the box which identifies you to colleges and universities, you will soon become the most popular person in your house, mailwise.

The PSAT's prepare you for the SAT's. At some schools, the SAT decides whether you'll be accepted there or not. The SAT takes approximately three hours. (Note from a senior: Start your day off at Abdow's/Big Boy for the Breakfast Buffet—then go to Auburn High School.

Soon colleges and universities throughout the country

will be sending you their viewbook. You'll also find yourself in the guidance office more often.

The summer before your senior year should be spent visiting colleges. Once the school year begins, most seniors have limited their choices to around five schools.

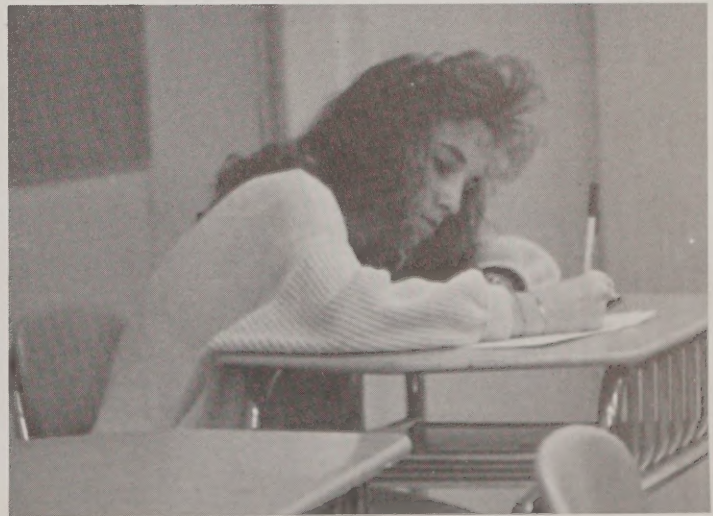

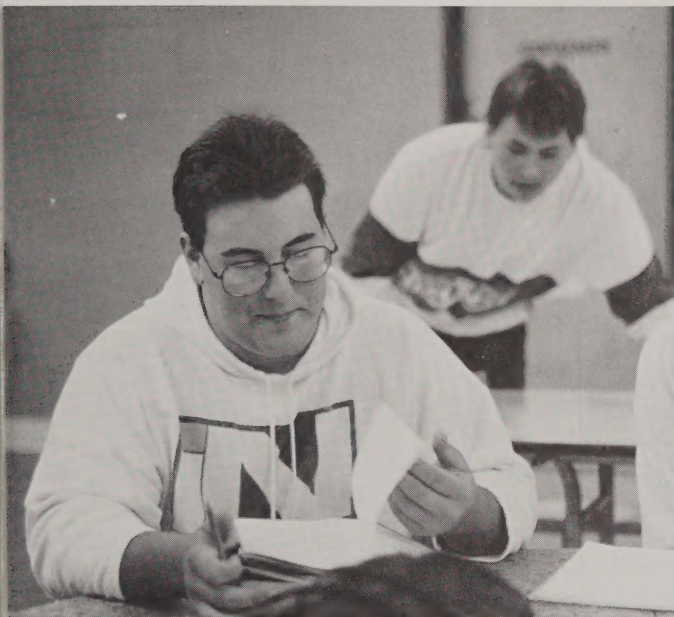

Open houses occur in the fall, and you can take your SAT's again. The pressure is really on a senior who applies for early admission. Letters of recommendation, GPA, class rank, transcripts, etc., etc. Pressure builds up until that one day in spring when the college acceptance letter arrives in your mailbox.

The 5 Most Common Reasons for joining a Club or Organization.

1. You have absolutely no social life outside of school.
2. All your friends joined, therefore it must be the thing to do.
3. You want something besides your name on your senior survey.
4. You know that most colleges love kids who have participated in extracurricular activities.
5. You are one who simply likes to get involved, and you know how many exciting clubs and activities S.H.R.H.S. has to offer.

Tennis

The yearbook staff unfortunately could not find any pictures of the girls' tennis team. We would like to apologize to Ms. Jensen and the girls team for the lack of photos. Although the girls are not pictured in this book, they should be recognized for their outstanding achievement and sportsmanship. We offer our sincere apologies.

The boys did not have a very successful season. They ended the year with a record of 1 and 13. On the positive side, Coach Deary said he's looking forward to working with the guys to get them back together.

Right: The Nelson duo. Bill and Micle struggle to the finish line.

The girls did extremely well this year, given the fact that they lost 4 of their 6 top runners from last year and 15 of the 19 are freshmen or younger. Although a lot of them had no racing experience, they managed to be the Border Conference champs with a 6 and 0 record for the third year in a row. They also won 20 consecutive dual meets in the conference. Way to go girls!!! Team captains are Sheryl Strzelewicz, Melissa Sepos, and Kris McGarry.

Mr. Deary said the girls were a bunch of cardiac kids with a lot of close meets and exciting moments.

Both the freshman and the varsity math teams compete on alternate months in a Worcester County Math League. The teams compete with other teams from surrounding areas. The students are placed in four rounds and then participate in a team round in which they may help each other as a group. Many fellow students refer to these people as "math geeks" or "nerds." The math team is not like that. Ask the varsity team, the meets are fun, and they provide an excellent time to pick on real "geeks." Anyone in grades eight through twelve is encouraged to attend a meet.

The 1989-1990 Senior High Student Council is made up of students in grades nine through twelve. These students are elected by their peers at the end of the academic school year. Students must obtain signatures from peers as nomination for the student council and/or for the officers of the student council. The student council is under the leadership of Mr. James Greenwood. Mr. Greenwood unselfishly gives himself and his time for the benefit of the students at Shepherd Hill. The Student Council is responsible for running the concession stand at home football games. They also help toys for tots, make a sizable contribution to the NHS Thanksgiving Drive, help less fortunate people, play a "Santa's workshop" for the elementary students at Christmastime, develop a scholarship for graduating seniors, the annual Red Cross blood drive, the variety show, and a great number of other activities for the benefit of others. The Senior High Student Council should be commended for their outstanding leadership, organization, and contributions to Shepherd Hill Regional High School.

Young Leaders

The 1989-1990 Junior High Student Council is under the leadership of Mr. Paul Patenaude. The group is comprised of twenty-four seventh and eighth graders who represent the junior high. Each year elections are held to vote for the council members. Prior to the election, the young students must obtain signatures from their peers, nominating them to run for the council. Twelve seventh and twelve eighth graders make up the student council. The Junior High Student Council is responsible for arranging many events throughout the academic year. They are responsible for sponsoring junior high dances, swimming trips to Nichols College in Dudley, skating trips, and other school sponsored functions. In addition, the junior high student council helps the sixth graders find their way around Shepherd Hill. Towards the end of the academic school year, when sixth graders from Dudley and Charlton visit the school, the junior high student council members act as tour guides to give these young people an overview of the school. The council members also help during open houses and parent conferences at Shepherd Hill by acting as "information desks." They aid students by telling where functions are being held and where teachers can be located. As representatives of the seventh and eighth grade students, the Junior High Student Council serves as an outstanding group.

Putting It All Together

Traditionally, the present editor of the yearbook has an opportunity to mention all the hard work and all the people who helped create the yearbook. Sadly enough, I can only talk of one of these two areas. The year began as many previous years had. Many people were there at first. They were all enthusiastic about helping make a "Lasting Impression." Sadly as the year progressed, and the deadlines approached, many decided that this activity was not for them. There were two people who remained, Jeanne Renaud and Suzanne Pouliot, who I would like to thank. Next, an onslaught of junior high came to help, but the layouts were difficult for them. Eventually it came down to two people, our advisor, William Guy and myself. Many nights we were up until late hours trying to meet deadlines. But it was nearly impossible for two people to create an entire book in six months in addition to having other commitments. It's more than just putting down pictures on paper. One has to develop stories, make the copy fit, position the pictures, and identify the people in the picture. So, if your name is incorrectly spelled or missing, I apologize, but if there was more participation among the students, these errors and omissions would not have occurred and production would have been smoother and accomplished quicker.

I can only hope that next year, more students will find it in themselves to take an interest and to make a commitment to produce their own "Lasting Impressions."

Karen Guy
Editor-in-Chief

Bill Guy has been more than a brother to me, and more than a yearbook advisor to the school. He has been an inspiration. He gave that push when no one else would and he took on this position when no one else could. He should be commended for his personal contribution to this book on behalf of myself and the whole book.

Peer Counseling is composed of dedicated students who unselfishly give their time to tutor students in academics and/or helping peers cope with everyday situations and family problems. Peer counselors attend a weekly session for half a year to become trained in how to deal with peers. During this training students do role playing and learn how to solve problems presented. Students are then ready to tutor or counsel. Many teachers recommend students to peer counselors. Students are encouraged to visit the guidance office for a peer counselor if they find themselves having difficulty in a particular subject or if they are having an emotional or family problem. The group is under the direction of Mr. George Proulx and Ms. Marjorie Nieman.

The National Honor Society is composed of the top academic students in grades eleven and twelve. Students are inducted at the end of their sophomore year and also at the end of their junior and senior year, depending on which year they are chosen by faculty on the basis of their grades and extracurricular participation. The National Honor Society helps many less fortunate people by giving them food baskets on Thanksgiving, Toys for Tots at Christmas, the American Lung Association by participating in a phone-a-thon, and the NHS also gives scholarships to graduating seniors.

The Foreign Language Club provides students a chance to travel to a foreign country through the Educational Foundation for Foreign Study. The students are given the opportunity to visit a European country with the foreign language teachers from Shepherd Hill at a much reduced cost. The students spend ten days touring and learning, as well as experiencing a foreign environment. The students also perform fundraisers such as the bottle drive, and grinder sales for Super Bowl weekend. Students in grades seven through twelve are invited to come.

Music To Your Ears

Where It All Begins . . . Band Camp - 1989

Each year, members of the Senior High Band attend a four day band camp held at Shepherd Hill. Selected eighth graders through members of the senior class attend this camp which is held in August. A new song is marched through and played each day leading up to the fourth day in which all songs are touched up to create the end result. A performance is held on the fourth and final night of the band camp for interested parents and friends. This show is

only preliminary and interested parties are able to observe how the band progresses through the season. The band camp was recently started three years ago and has proved to be a great asset. Many neighboring bands also form their show over the summer. Looking at the awards that the senior high band has won, one would have to say that the four day band camp is worth the effort.

When I'm With You

The Prom 1989

The 1989 Junior-Senior Prom was held at Mechanics Hall in Worcester on May 20. The theme, as chosen by many hard working, dedicated juniors and seniors, was "When I'm With You." This song was performed by the band as the queen- Cythia Gemme, the king- Brian Ravenelle, Cindy's court, and their dates took to the dance floor. Another main attraction that night was the lead singer in the band, a woman in neon green spandex, who all the males had their eyes on. As the night became morning, many students headed to parties or home, bringing with them many *lasting impressions*.

School Budget Woes

The voters of Dudley & Charlton along with the D-C school board made history this year. Unfortunately, it was due to a dispute over the school budget which lasted until the leaves had started to change and thoughts should have been on the football team's record. Instead, students were left wondering whether they would even have a football team.

When time came for the first ever district wide meeting in the history of the state, 800 people quickly filled the auditorium and the meeting was moved into the gym. The bleachers filled along with chairs placed on the floor. The chairs spilled into the white gym along with people standing against the walls. A few voters were even at tables in the cafeteria.

The meeting started 45 minutes late as people were parking by Nipmunc Square and walking to the school. The meeting then lasted a little over 25 minutes, half of which was taken up by statements from the school board and the two towns. Then, after a few voter comments, a vote was taken.

It was plain to see that the school's budget would pass without further cuts, and the towns would have to go home with the job of finding ways to raise the necessary money.

SPARKS FLY AT BONFIRE '89

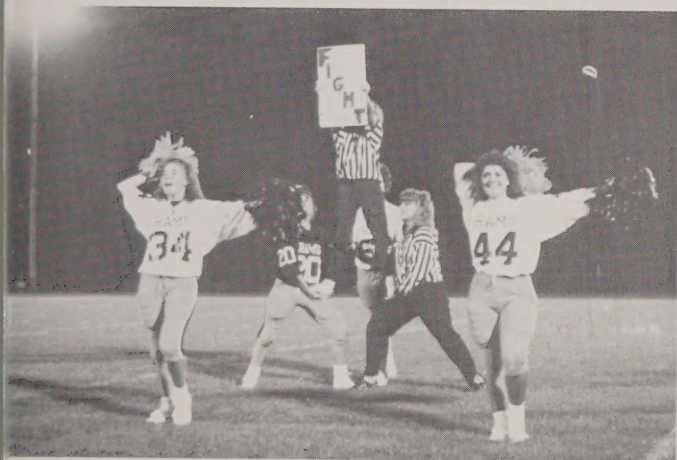

The cheerleaders had on football pads and the players were leading the cheers. Just what was going on? The answer is simple. It was the revival of the Shepherd Hill pre-season pep rally bonfire. Once an annual tradition on the Hill, the bonfire was canceled four years earlier. This year though, thanks to the efforts of Kelly Johnson and a group of others, it was back. As the band played the national anthem, the American flag, along with the new school flag, were raised. The fall sports teams were then introduced. A number of the teams had produced skits to entertain the crowd. It seemed a fatal mistake had been made though, when the microphone was handed over to Mr. Hickman, head football coach. As this last team was introduced, the crowd grew anxious waiting for the introductions to end. Once the senior football players had been noticed, Joe Szela led the cheers to, "Torch it up!". The crowd made it's way to the far end of the field as the Dudley Fire Dept. spread kerosene on the mountain of wood. As the flames grew in intensity, one effigy after another was thrown into the fire. The eyes of the crowd were locked on the mesmerizing pull of the flames as sparks made their way upward into the sky. People left that evening feeling warm, not only due to the fire, but due to the camaraderie they had left.

We didn't start the fire
It was always burning
Since the world's been turning
We didn't start the fire
No we didn't light it
But we tried to fight it . . .
